BACK TO THE BAY

dedication
To the Love Of My Life,
Juanita Marie Gardere Escovedo
"You Were Truly Meant For Me"

My first gig was in 1953 at the California Hotel's Gold Room in Oakland California.

# the bay

I was 18 years old and eager to get my feet wet in becoming a Musician. The music scene in the Bay Area was really thriving then and developing into something special. With a mixture of Jazz, Funk, Latin, and Soul Music. By the 70's, a diverse blend of music had emerged that is now known as "The Bay Area Sound."

With this new project, I wanted to reach back and taste all those wonderful flavors of music that sadly aren't as common as they used to be.

Along with the Bay Area's finest Musicians, we have captured a mix of Latin Jazz sprinkled over the top of some of the finest "Old School Soul Music" from way back when.

This Record is meant to be played from top to bottom, just like we did back in the day.
And we're bringin' it back... "Back To The Bay."
